

TRUEMIST™ is ideal for any outdoor application

- Custom engineered solutions
- Commercial grade
- stainless steel components
- Evaporative cooling effect
- Automated controls
- Remote monitoring capabilities
- High Pressure up to 1000psi
- Quality performance and reliability
- 1 year warranty

**A Reputation for Creating Value
Through Quality Equipment**

High Pressure Outdoor Misting and Evaporative Cooling System.

SYSTEM COMPONENTS

Misting Assembly

Stainless steel mist bar, tees and clamps. Up to 1000psi misting nozzle with adjustable system pressure. Flexible nozzle layout and swivel tees.

Motor and Pump Assembly

High quality **CAT / ANNOVI REVERBERI** brand Triplex pump and robust 230V motor. Safe, non-electric air actuated on/off switch. Low feed water pressure lock out with manual reset and power indicator lights.

Filtration Unit

Standard 10" 0.45 micron sediment filter or, depending on water quality, TrueMist™ Soft Reverse Osmosis System.

ENGINEERING.

TrueMist offers custom design services for non standard installations and applications such as aesthetic fogging, humidification and propagation. Our engineering team will customize equipment to meet your specific needs.

WARRANTY

TrueMist Misting Systems warrants each system, manufactured and sold by them to be free from defects in material and workmanship for a period of one years from the time of shipment.
